Ahh
Ahh

What, what, what, what?
You tell me, I've been walkin' on a railin'
Been excellin' at failin'
That I think wrong, I don't belong
I don't fit, I don't give a shit
Take my guitar and microphone
Pour out my fuckin' soul
Insecurity, I'll strip it down to the bone, fuck it!
I ain't a stranger, just strange
I'll be fine, leave me alone

You can't see
The things that make
Your happiness go away
Well I can

It's all in your head
It's in your head
Sad but it's true
It's inside you
Keep wallowing
In your misery
It's all in your head

I know that I'm a weirdo
And I'm messed up
And the Lord knows that I've fucked up
But I don't need you to point out every mistake that I
make
I'm sick of all your negatives
Somethin' has gotta give
Got me thinkin' you
Need to stop over thinkin'
Brink of losin' my mind and goin' blind
I'll be fine, leave me alone

You can't see
The things that make
Your happiness go away

Well I can

It's all in your head
It's in your head
Sad but it's true
It's inside you
Keep wallowing in your misery
It's all in your head

Why can't you?
Why can't you see it's you?
Why can't you see it's you?
Why can't you see it's you?
Why can't you see?
'Cause it's just all inside you
It's just inside you
It's just inside of
It's just inside

You can't see
The things that make
Your happiness go away
Well I can
Honestly you're driving
Me insane, again

Because it's all in your head
It's in your head
Sad but it's true
It's inside you
Someday you'll see why you're unhappy
Someday you'll see that it's not me
It's all in your head
It's in your head
It's all in your head
It's all in your head
It's all in your

It's just inside of you
It's just inside of you
It's just inside of you
Oh it's just inside
