Breathe in, breathe out
Breathe in, breathe out
Breathe in

Breathe in, breathe out
Breathe in, breathe out
Breathe in

Tied to a wheel, our fingers got to feel
Bleeding through a tourniquet smile
Spinning on a whim, a slide to the right
I felt you like electric light
For our love
For our fear
For our rise against the years and years and years

Got a machinehead, better than the rest
Green to red, machinehead
Got a machinehead, better than the rest
Green to red,
I walk from my machine
I walk from my machine

Breathe in, breathe out
Breathe in, breathe out
Breathe in

Deaf dumb and thirty
Starting to deserve this
Leaning on my conscience wall
Blood is like wine
Unconscious all the time
If I had it all again
I'd change it all

Got a machinehead, better than the rest
Green to red, machinehead
Got a machinehead, s'better than the rest
Green to red,... yea
I walk from my machine
I walk from my machine

Breathe in, breathe out
Breathe in, breathe out
Breathe in, breathe in, breathe in

Got a machinehead, better than the rest
Green to red, machinehead
Got a machinehead, s'better than the rest
Green to red, machinehead... yea
Yea yea yea. Better than the Rest.
... head-head-head-head-head.
Better than the Rest.
... head-head-head-head-head.
Better than the Rest.
... head-head-head-head-head...

I walk from my machine
I walk from my machine
