Death

Well I look at justice in a different light  
I've been to jail, it didn't make me right  
Try and confirm but won't be deaf, blind, dumb  
Been beaten down just harder I've become

Death, death Church risin'  
Hate, hate Church risin'  
Lost, lost Church risin'  
Death, death Church risin'  
Death

Hey Jesus, can You help me with my pain?  
Mainline me some religion, keep me sane  
Christ suffering upon my TV screen  
Send in your money to the faith obscene

Death, death Church risin'  
Hate, hate Church risin'  
Lost, lost Church risin'  
Death, death Church risin'  
For me

Strength, truth and honor, words I strive to live  
Your faith's profane it takes, never gives  
'Cause I'm gonna die standing upon my feet  
You're gonna die grovelling on your knees

Death, death Church risin'  
Hate, hate Church risin'  
Lost, lost Church risin'  
Death, death Church risin'  
Death
