Yea ahh

Yea uhh

Can't match the stare within these eyes  
Derive your strength from all you lies  
Can't stand the pain with which I see the  
This integrity is what I breathe  
I'll inhale this life I gave to you and exhale the vile

Time will tell the cards my friend  
Never will I concede the end  
'Cause cataract resin fills my eyes  
Never gonna see the mirror through your fake lies

Tell me the things that will take time  
To help see the things that will take this  
Burn inside of me  
Grrr

Can't feel the sting from words gone by  
Can't keep the papers filled with lies  
Ten fold this coincidence I bring  
Create and back the words I sing  
I'll inhale this gift I gave to you and exhale desire

Kill this fire with gasoline  
Conviction I spit my faith is obscene  
You're heretic jackals worship liars  
Forever I'll be the God that you desire

Tell me the things that will take time  
To help see the things that will take this  
And hold on to things that will make by  
To make me the thing that breaks this  
Burn inside of me  
Grrr

Go

Go

Go

Go away

Go away

Go away  
Go away

Uhh  
Time will tell the cards my friend  
Never will I concede the end  
You heretic jackals worship liars  
Forever I'll be the God that you desire

Tell me the things that will take time  
To help see the things that will take this  
And hold on to things that will make by  
To make me the thing that breaks this  
Burn inside of me

Burn inside of me  
Burn inside of me  
Burn inside of me
