I remember, it was the month october  
In a garage, i was standing scared and somber  
I could smell your breathing, and the pain your leaving  
So ashamed, i'm feeling  
And now i am left to fate

For all the times i'd be losing my mind  
You molest and destroy just a five year old boy  
And you make me suffer, motherfucker  
Ripped my heart out  
It was so good

I remember words that never left me  
For a scull of silver here's what you'd do for me  
If you tell, i'll kill you  
Rip the child out from you  
Wish that i could stop you  
Please god make this go away

For all the times I've been losing my mind  
You molest and destroy just a five year old boy  
And you make me suffer, mother fucker  
Ripped my heart out  
Innocence was lost

And i feel it  
I can't take it  
I don't want it  
Anymore

Was only five  
And i feel it  
Cant take it anymore

For all the times i heard you  
Say in my goddamned mind  
Make it sooner if i suck you  
I'd make you suffer  
Make you suffer  
Motherfucker

For all the times i'd be losing my mind

You molest and destroy just a five year old boy  
And you make me suffer, motherfucker  
Ripped my heart out..  
...I was only five...  
...Five...
