You gotta stand tall and cut away the ties
Drop walls and hold your head up high
The world is fast and youth ain't gonna wait
So grab a hold before it gets too late

Bare your soul and strip away the cold
Of withered life that's past so gray and old
'Cause all the pain that's filled these eyes you see
Was made to bleed just recently

Tears that made me, ashamed to be me
But that gave me strength to see me
Made a spark that lit the dark that
Let me shine

Time to see, believe this in me
This pain that I feel deep inside
Time to see, believe this in me
This pain that I feel deep inside

Fall sleep to freeways far from here
Spend the night, I want to drink a beer
From this day on shall be the words
My flesh and bones shall make it hurt

Don't you test, I'll have to mess with them
Do my best, fuck the rest of them
One of these days you'll see we've always been what

Time to see, believe this in me
Pain that I feel deep inside
Time to see, believe this in me
This pain that I feel deep inside

Oh, my fucking God

I don't feel this pain is real
I never wanted anything from you

And it makes me glad when I see the sun
And it makes me sad when you [Incomprehensible] my
one

And I thank my God, got a friends like you

Time to see, believe this in me
This pain that I feel deep inside
Time to see, believe this in me
This pain that I feel deep inside

Time to see, believe this in me
This pain that I feel deep inside
Time to see, believe this in me
This pain that I feel deep inside
