I am death  
Arms held outstretched  
I am hell  
Born this mortal shell  
I am wrath  
Take this bloodbath  
God sent me to kill you

What started out as wonder  
The smell of scorched earth  
It filled me with a sense of bliss  
Inside my head the noises show they thundered  
With cracking and hiss  
One match  
Killed the anguish  
One act  
Left me fulfilled  
Destruction now the only catalyst  
To save this soul  
From these thoughtless kills

Where once a heart was beating  
Nothing but embers glow  
Our love it serves as kindling  
To stoke this flames inferno

I am hell to thee  
Down here all shall suffer with me  
Die purified  
Rise the ashes to the sky

Obsession born of young lust  
Incomprehensible the feelings as they come to pass  
But now betrayal slowly turns to bloodlust  
Through sulphur and gas

Ignite this crime of passion  
Loves pyre is set a blaze  
The charred remains of all  
Compassion was the spark that lit  
Your immolation

Where once a heart was beating  
Nothing but embers glow  
Our love it serves as kindling  
To stoke this flames inferno

I am hell to thee  
Down here all shall suffer with me  
Die purified  
Rise the ashes to the sky

So burn  
I'll burn it down  
I'll burn you down  
So you'll never love again (again)

[Lead Flynn/Demmel, Flynn]

Where once a heart was beating  
Nothing but embers glow  
Our love it serves as kindling  
To stoke this flames inferno

I am hell to thee  
Down here all shall suffer with me  
Die purified  
In this the ashes of your immolation

I am Hell  
In the ashes of your immolation
