Hear me now  
Bearing down upon a path we choose  
Chosen from the start living different rules  
Existence something to cherish true  
Will not succumb to doubts that I hold onto  
Release the fear of my pain  
In so much pain  
Give me the will to fight  
Every obstacle that I have inside  
Release the fear and

Hear me now  
Words I vow  
No fucking regrets

Fuck these chains  
No god damn slave  
I will be different

I'll stand here defiantly  
My middle finger raised  
Fuck your prejudice

All my life  
Always I've felt alone  
Conditioned to believe that I'm always wrong  
Only truth will help to set me free  
My every weakness I must turn into strength  
Every rage, every tear  
Hate in so much hate  
Never that pain will bind me  
Ask of myself if I've the will to unwind  
Every rage and tear

Hear me now  
Words I vow  
No fucking regrets

Fuck these chains  
No god damn slave  
I will be different

I'll stand here defiantly  
My middle finger raised  
Fuck your prejudice

Carved upon my stone  
I will go on  
Patience, belief  
Love will ascend

Just listen to it  
Voice so true inside calling  
To pick you up and march you on  
Keep from falling  
Let go your sorrow  
Sun will shine, this I promise  
Rising tomorrow  
Rising

Hear me now  
I'm taking back the control  
Of my  
Life from societies hold  
I vow  
No more will I be a slave  
Rise to  
Challenge the whole human race

My spirit you cannot break
