Bitterness infested
Justice is molested
Govern my contested ways
As a child arrested
As a man detested
Happiness inside my pain

You hate my life
Because you see my strife
Could never understand or try
And it makes me mad
Because it makes me sad
But I don't care, why?

You fake it, mistake it
Fuck it around
Your lyin' is tryin'
My dignity
I see right through your soul
Can't help but feel this cold
But this city made me so
I see right through your soul
Can't help but feel this cold
But this city made me so

Life filled with deception
Unwanted inception
Want redemption for it all
All my life frustrated
Pushed, alienated
Wait for me to take a fall

And my faith has waned
Because I feel the strain
In my eyes it's all gone wrong
We'll rise above
From this lack of love
And it won't be long now

You fake it, mistake it
Fuck it around
Your lyin' is tryin'

My dignity
I see right through your soul
Can't help but feel this cold
But this city made me so
I see right through your soul
Can't help but feel this cold
But this city made me so

I'm not the only one
I'm not the only one
I'm not the only one
Can't be the only one

You're not
You're not
You're not
You're not
Not

Can't be the only one
Can't be the only one
Can't be the only one
One
