This is who we are
This is what I am
We have nowhere else to go
Divided we will stand

This is who we are
This is what I am
We have nowhere else to go
Divided we will stand

We are the ugly
Beaten and torn
Brooding with power and ready for more
We are the hungry
Sick of this world
Of robbers of thieving
Of vultures unfurled
We have been left on our own
Be all the lost longing for home
We are the unwanted lives
Strung out and angry the deprived
We are the young
And young at heart
The strong and the brave that are destined to start
We are the change
The world needs to see

Look in our eyes and see our belief

This is who we are
This is what I am
We have nowhere else to go
Divided we will stand

We are the broken
Meant to be left
Damaged and headless like dolls in a chest
We are the future
Seeds that you've sown
In dirt that won't ever grow turns now to stone
We have been hung out to dry
We are the drunken

We are the high
We despise this human race
Look in our eyes and sell your disgrace

Dream Into glory we will ride
Be unbridled in determination
Burn the seasons
Into glory we will ride
Be unbridled in determination
Burn the seasons
