The massacre of angels in heaven has begun  
The black clouds are moving, covering the sun  
Screaming and torture as an echo in the wind  
Satan has his lust and the last sun  
Jesus is next, deceived once again  
Nails are heavy, faith won't kill the pain

The whole world is falling down with hate

Now the god has taken the part of Judas  
Broke the ten commandments and sold the crown in  
shame  
As a slave crawls like us, with a number, no name  
Madness is the name of this absurd game  
There's the son of god hanging once again  
Surrounded by the flames of hell

The whole world is falling down with hate  
The good ones will take it to their graves

Third day is not for resurrection at all  
So the tale won't be the same anymore

The whole world is falling down with hate  
The good ones will take it to their graves

The whole world is falling down with hate  
The good ones will take it to their graves
