Choose your taker, lips and purse

Oh jees you picked one worse

Amnesia, here's your curse

For every new thing that you find

You're gonna leave something behind

At ease you're a skipping stone

Knock knees you till you've grown

Amnesia, pick up the phone

For every new thing that you find

You're gonna leave something behind

And you can dance me round again

Till it feels like everything

Is getting smaller

And closer up

The same again tomorrowÂ...

Amnesia, the wild bore

That's the cheese you ate before

Amnesia, please get out more

For every new thing that you find

You're gonna leave something behind

And you can dance me round again

Till it feels like everything

Is getting smaller

And closer up

The same again tomorrowÂ...
