Bonnie Nilsson – backing vocals

I think
You know
Your white september
The tender snow
No wait
No stay
This will help you
Along the way
No love
Is lost
And I want you
To be my pillow

Once you were sad
Sadder than the ocean
Everybody's changed
And you're a lazy shooter
Can you act much
More simple than you seem?
You don't have to
Be in every single scene
That's the reason
That there is no rhyme
And I want you
To be my pillow
