Well you can't place faith in material things
Material things will fail you
A hurricane triggered by a butterfly's wings
Conspirators betray you
Don't place faith in human beings
Human beings are unreliable things
Don't place faith in human beings
Human beings or butterfly wings
Well you can't place faith in a new regime
That fascist faith will kill you
A hurricane triggered by a butterfly's wings
Your conspirators betray you
Don't place faith in human beings
Human beings are unreliable things
Don't place faith in human beings
Human beings or butterfly wings
There's something burning deep inside I know
There's something inside this hole
Tonight when I chase the dragons
By their fruits you shall know them
Don't place faith, don't place faith
Don't, don't
When I decide to live within my mind the heart dies
Oh, the heart dies
Mother Superior in the sky, the heart dies
Oh, the heart dies
Don't place faith in human beings
Human beings are unreliable things
Don't place faith in human beings
Human beings or butterfly wings
