Nothing's different since yesterday  
Still not a man but property  
The liberated call me devil's creation  
A disgrace in the eye of god

They make me plead for mercy then whip me again  
They lure me with false pretensions 'til I'm driven mad  
Just when it feels right they tighten the noose  
And pull me back in

[Chorus:]  
I'm slave to another man  
Slave in the promised land  
Out of reach for a helping hand  
Chained to the ground

I can't shake it off it's now a part of me  
It's in my system and runs through my veins  
I take a step forward and fall two steps back  
I've lost my identity

Unaccepted I walk through this land  
Degraded until I'm too afraid  
In the end hanging in a rope  
Condemned by faithful hand

[Chorus]

Slave to another man  
Slave in the promised land  
Out of reach for a helping hand  
Chained for a greater cause

Once a man now utterly destroyed  
Dragged down the road and now accepts his fate  
Out of reach for a helping hand  
Chained for a greater cause  
Though he knows there will be another time  
A time to repay for man what he has done
