Disturbed - in pursuit for the ultimate high  
Need to breathe, need to sleep, need to clear my mind

Restless - my body aches for more  
Too many times I've changed my mind  
Too many times I act without pride

Restless, disturbed  
In pursuit for the ultimate high  
Need to breathe, need to sleep, need to clear my mind

Reason, rush, reason is rush  
Reason, rush, reason is the rush

Insane - the blood boils in me  
A bottomless urge to feed  
Denial - only one more time  
Don't tell me no, don't ask me why

Restless, disturbed  
In pursuit for the ultimate high  
Need to breathe, need to sleep, need to clear my mind

They think they know it all  
Soon they'll realise they're wrong  
Yet they don't know that I'm god  
Soon I'll have it all

Reason is the rush
