A skirt here is cheaper than anywhere on the planet
Cheaper than in Liberia
Where you gotta pay to get the blood out
Cheap, together in real time
My television and my subconscious mind
This is the third world, make it cheap and ugly
Make it dirty, make it rust
And then wait until they're ready
Send me spinning into acts that look like sex
That smell like sex, that feel like sex
More real than sex, more real than love
It's what you say by what you buy into
It's what you say by what you buy into that obsesses me
Turns me on, makes me cheap, fills me up
Cheap, vibrations in my jaw
The attention span of a popsong
Freakshow full of freakshow cunning
The worst crimes involve love or money
The worst crimes involve love or money, love or money
That's why I'm cheap (killed in my sleep)
It's what you say by what you buy into
It's what you say by what you buy into that obsesses me
Turns me on, makes me cheap, fills me up
Spectral influence of girls over tides
It's in the way that you use your eyes
It's in the way that your eyes talk to me, yeah
It's what you say by what you buy into baby
It's what you say by what you buy that interests me
