## "Outta Sight"

well, i remember you  
from a diff'rent occasion  
and you remember me  
you said i wasnt your kind  
oh, but baby baby baby  
i think we'd have a good time

you got that "savoir faire"  
of a seasoned vet  
i need a love affair  
but i ain't seen nothing yet  
see, we could go out  
and i could fit the bill  
but when we get home, girl  
you know how you're gonna make me feel  
oh, but baby baby baby  
i think we'd have a good time  
OW!

\*clears throat\*  
your whole demeanor  
is outta sight  
you got me wonderin':  
"would you come home with me tonight?"  
that type of body  
pictured it with no clothes  
but when it went down, down, down, down, down  
i guess i got scared, and i froze  
oh, but baby baby baby  
i think we'd have a good time  
mmm, baby baby baby  
i think we'd have a good time
