Blaze up
Oh yeah
World wide, west side
Yo
Mack Ten with Tha Dogg Pound
Yeah, and the hits don't stop Sucka
Nothin' but the cavi
Hey, Daz - Sup
Check this out, dog

Now when I come to ya'll hood, ya'll watch my back
And when ya come to Inglewood I'm a front you a sack
So we can grind and get away with the cash like a
caper
Cause it ain't about the set-trip, it's all about the paper
Made the poverty cease, on the rise like yeast
A parvay lex piece, and I keep my khaki's creased
Mack Ten is the lick, and ya know what my set be
Connect gang from the west, nigga, where the best be

It ain't no questions asked
You down to blast for me?
Down to ride for me?
Down to die for me?
I come through for these sucka-ass niggas who rep
Come creepin' up on shorty slowly, show him death
Pull out the Mack ninety automatic for static
Blast a coupla niggas, leave em all panicked
We swerve and hit the curb, smoke some herb
We came up too much, and too tough, and too grub

We in the war zone
Where the war's on
Where ya gun, nigga?
Show em where you're from, nigga
Ridin'-ass young nigga
Arsenal equipped, hot enough to scorch
With the double fours on the hip rollin' with the force
He's out to catch a body
Talking, but I thought this was a gangsta party
Now he's walking around smarter
Now he's about to see, talking about who's jumpin'

I'm about to get the pump to pumpin' and start dumpin'
on somethin'

Fuck you over there
Party over here
And if you wanna trip, we got the straps near
Cause niggas like us do platinum every year
And if I ruled this sphere
Your shit'd disappear
Now everybody in the house, throw your dubs in the air
And wave em all around like ya just don't care
We're ridin' dope, so, nigga, act like ya savvy
Mack Ten and the Pound, dog, cookin' nothin' but the
cavi

I'm servin' niggas like a host with the pound so take a
toast
Dog, this west coast and our shit bump the most
Cause vine to vine I swing through the woods of Ingle
And everything I make, fuck around and be a single
From the who bangin' hit, to the yes, yes, y'all
Now all down my halls, got plaques on my walls
We might slow the roll, sit back and still kick it
But the shit don't stop till we hit a meal ticked

I'll be goddamned
I'm in it for a meal ticket
And the goal's successful
I don't know who to prove a show
Usual swerve a corner and hit a block back-to-back
Ya'll don't know us like that
Where the gang-banger's hang at
They 'Daz, are you a rider?'
I reply 'Boy, hell yeah, I'm a rider!'
From the east side of Long Beach to the west side of
Inglewood
On a cash mission bailin' hood to hood

Once upon a time in the early stages of my life,
sacrifice
I feel like loose-shakin' niggas like dice
Forever in the day
Say what you say
On the mic I display, Philly to L.A
I've been all over from Crenshaw and Impearl
To 108th, I'm sure Mack got my back
It's all about mashing, cashin' heat in the stash
When you're in the neighborhood of assassins
What you say?

Fuck you over there

Party over here
And if you wanna trip, we got the straps near
Cause niggas like us do platinum every year
And if I ruled this sphere
Your shit'd disappear
Now everybody in the house, throw your dubs in the air
And wave em all around like ya just don't care
We're ridin' dope, so, nigga, act like ya savvy
Mack Ten and the Pound, dog, cookin' nothin' but the
cavi

What do you consider fun?
Pass the bomb, pass the bomb
All day night, and all night long
Pass the bomb, pass the bomb
When you wake up in the morning
And you start to yawn
Pass the bomb, pass the bomb
All day night, and all night long
Pass the bomb, pass the bomb
C'mon, C'mon
Yeah, dub S.C.G
D.P.G.C
Ha ha ha
Take a picture, trick
Take a picture, trick
Take a picture, trick
It might make ya rich
Wesssydeeee
Biatch
