Welcome

This is your wake up call

Time to wake up your mind

Open your eyes and realize

Wake up

Get up, get up, get up, get up

Wake up

Get up, get up, get up, get up

Wake up

It's the wake up time

Time to wake up your mind

Wake up

Get up, get up, get up, get up

Wake up

Get up, get up, get up, get up

Wake up

It's the wake up call

Wake up one and all

You have always made the difference

So go out and take your place

Just wake up and realize

Wake up, get up, get up

Realize that most of the things you believe in

Are out there for you somewhere

Just wake up and realize

Wake up, get up, get up

Realize that you're just the song on the  
whistling wind

And learning as you grow

Get up

There are so many things you'll never know

So when you're all alone and you're  
hurting

There is someone else somewhere

Jah knows  
Sharing a lonely feelings of this bag, just a

Say we call me a bag bag  
Time to use a egg, egg  
And get off the bed, bed  
Mind the while youÃ¢â€Œ™ re dressed, dressed

Time to rise, open your eyes wide  
Hear my cry cominÃ¢â€Œ™ into your eyes wide  
Time to wake, youÃ¢â€Œ™ ve had your break, mate  
ItÃ¢â€Œ™ s after eight, get into shape, weigh

Co-ordinate and time to get your mind straight  
In yourself and in the father, youÃ¢â€Œ™ ll feel faith

Your just a son whose been driving  
Outside of town and spins  
Rise and shine  
I need you to go on out and find your place

So when you realize you will feel it  
Deep down inside your soul, Jah know  
Success will come to you but before you go

Instead of looking out, you should be looking within  
Wake up your mind and soul and free yourself from sin  
Acknowledge the Father that created the king  
And every morning when you wake say your prayer to  
him

YouÃ¢â€Œ™ re exercising your butt, be exercising your  
limb  
Mi say you down in the gym, keeping yourself in trim  
Just remember that your mind is the greatest thing  
ItÃ¢â€Œ™ s like youÃ¢â€Œ™ re servicing your car  
without doing anything

Well gentleman, donÃ¢â€Œ™ t you believe there is  
something  
Or someone who controls  
Just wake up and realize  
Wake up, get up, get up

So then place your faith in yourself and the most high  
Rastafari  
So that you can reach your goal  
Just wake up and realize  
Wake up, get up, get up

And mi tell them wake up

Get up, get up, get up, get up  
Wake up  
Get up, get up, get up, get up

Wake up  
It's the wake up time  
Time to wake up your mind

Wake up  
Get up, get up, get up, get up  
Wake up  
Get up, get up, get up, get up

Wake up  
It's the wake up call  
Said wake up one and all

Said that if you wake up  
Everything is not what it seems  
Mi said you wake up  
Some people live in a dream

And mi said wake up  
All of this is part of a scheme  
Life shouldn't revolve  
Around a TV screen

And mi said  
Wake up off your sleep  
And mi said wake up  
Open your mind and peep

And mi said wake up  
Realize the power you off  
Set up your phone line with Almighty God

And mi said wake up  
Then start using your brain  
And mi said wake up  
Fling away the damn cocaine

And mi said wake up  
Cause it's time for a change  
And mi said wake up  
Yes, me a go and tell you again

And mi said wake up  
Get up, get up, get up, get up  
Wake up  
Get up, get up, get up, get up

Wake up  
It's the wake up call  
Said wake up one and all
