walking against time
reliving decay and despair inheriting the sensitivity of
absolution a leap of faith bringing
forth vulnerability battle cries from tha above
bringer of silence relice from the living scared from the
dead in form of sheep, wandering with
the wolves giving place for anxiety in a world of no fear
escalator of pain
bringer of silence opening the gates where life is
undone inspired by miraculus life glow and

the fluid leaking frome the chosen singled out as absured bringer of silence a dead of kindness in depriving man of death by an out cast cheated from years worth of hate enduring as a slave of innocence

apparnetly the longing for benefaction disintegration the blackness of bleeding eyes eyes that have senn craetion of destruction the

bringer it self walkes amongst all bringer of silence endorer of the dying
