I saw a rainbow just earlier today  
Lately those rainbows be coming 'round like everyday  
Deep in the struggle I have found the beauty of me  
(Me)

God is watching and the devil finally let me be  
Here in this moment to myself  
I'm gonna vibe with no one else  
There is a conversation I need to have with me  
It's just a, a moment to myself

(Do your thing baby) A moment to myself  
They're all looking at you, you've got everything to lose  
Get up and dance girl, sing your tu-rah-loo-rah-loo  
And quit bitching 'bout how don't nobody really love

Spread your rubber loving and it bounces back to you  
Here in this moment to myself  
I'm gonna vibe with no one else  
There is a conversation I need to have with me  
It's just a, a moment to myself

(Me)

Here in this moment to myself  
I'm gonna vibe with no one else  
There is a conversation I need to have with me  
It's just a, a moment to myself  
Here in this moment to myself (Me, me)  
I'm gonna vibe with no one else (You're alright baby)  
There is a conversation I need to have with me  
It's just a, a moment to myself

A moment to myself (To myself, moment to my)  
A moment to myself (Moment to myself)  
A moment to myself (Spread your rubber loving)  
A moment to myself (Spread your rubber loving)  
A moment to myself (Spread your rubber loving)  
A moment to myself (Spread your rubber loving)

It's just a...
