Why you gotta act this way babe when you know my  
lovin' don't change?  
Why you gotta make it all so hard? It's so simple  
Long as there is breakfast in de morning, good lovin'  
whenever you want it  
You should know exactly how I feel  
All I'm saying is; I could try to find another guy  
That would only be a waste of time  
Nobody else can lay it down like you do  
Hey, all my love is for ya  
Every time I lay my eyes upon ya, I wanna do ya  
Round and round and round and round, boy you don't  
stop  
Oh baby I'm candy store, one for your all night longing,  
you got me baby  
You go round and round and round and round and  
round again  
I know I've been gone a while but all I do is think of your  
touch  
Sometimes I even have to touch myself, it's that  
serious  
And there you go, starting a fight  
And I just wanna see you tonight  
Let me show you just how I feel  
All I'm saying; I could try to find another guy  
That would only be a waste of time  
Nobody else can lay it down like you do (You do, you  
do)  
Hey, hey, hey (Hey, all my love is for ya) all my love is  
for ya  
Every time I lay my eyes upon ya (Yeah), I wanna do ya  
good  
Round and round and round and round (You do), boy  
you don't stop  
Oh baby I'm candy store (Candy store),  
one for your all night longing (All night longing),  
you got me baby (You got me)  
You go round and round and round (You got me) and  
round and round again  
We're so good for one and other, baby can't you see?  
Mama's down a ride (If it down a ride)

Won't you role with me? (Won't you come and role with me? )  
True love ain't complicated, it's like your ABCs  
Baby, you've got me, you've got me  
(A), all my love is for ya  
(E) Every time I lay my eyes upon ya, (I) I wanna do ya good  
Round and round and round and round, boy you don't stop  
(O) Oh baby I'm candy store,  
(U) one for your all night longing (Sometimes why? ), you got me baby (You got me baby)  
You go round and round and round  
(Why you got to make it so hard? ) and round and round again  
Hey, all my love is for ya (It's so simple)  
Every time I lay my eyes upon ya  
(It's like your abc's), I wanna do ya (It's like your one two threes)  
You go round and round and round and round, boy you don't stop (Hey, don't stop)  
Oh baby I'm candy store (Hey, don't stop), one for your all night longing, you got me baby (You got me baby)  
You go round and round and round and round and round  
again (Baby I love you)  
You go round and round and round and round and round  
again (Baby I love you)  
(Yeah, you go round and round and up and down)  
You go round and round and round and round and round again (Don't stop)  
(Mm, babe) You go round and round and round and round and round again  
You've got (You've got, you've got me) You've got me  
You go round and round and round and round and round again
