## "Happiness"

All hail the higher, I'm higher everyday  
And there is a will, there is a skill  
A powder, a pill to make me stay that way

Happiness for a day or two, that's my limit  
I'm a junkie how 'bout you?  
Someday I'm gonna blow and when I do  
Happiness for a day or two

Down here for worship I'm higher every day  
How much I pray, how much I pray  
That I don't stay that way

Happiness for a day or two, that's my limit  
I'm a junkie how 'bout you?  
Someday I'm gonna blow and when I do  
Happiness for a day or two

I was yeah, I was well on my way  
Yes I, I was yeah, I was well on my way  
To the sun, to fun

Happiness for a day or two  
That's my limit I'm a junkie just like you?  
Someday I'm gonna blow and when I do  
Happiness for a day or two  
I want to know

Happiness for a day or two  
That's my limit I'm a junkie how 'bout you?  
Someday I'm gonna blow and when I do  
Happiness just like you I'm gonna

Happiness  
Happiness, yeah  
Happiness
