I tried to live without you  
What a misery it turned out to be  
Sorry for the times I doubted you  
Can't seem to get nowhere 'less you're next to me  
And everyday I wonder what it would be like  
Just to see the one who's always by my side  
Lookin' out for you and I  
I do my best to do right, got to get to the way up high  
Oh my lord, I can't wait to meetchu  
Love the life you're givin' but I'm lookin' forward to the  
day I die  
Oh my lord, I can't wait to meetchu  
So glad to have a love that's true  
And I wanna thank you now for seeing me through  
And I'll never be the fool to go astray  
Gonna stick with you always, always  
And everyday I wonder what it would be like  
Just to see the one who's always by my side  
Lookin' out for you and I  
I do my best to do right, got to get to the way up high  
Oh my lord I can't wait to meetchu  
Love the life you're givin' but I'm lookin' forward to the  
day I die  
I can't wait to meetchu  
I do my best to do right got to get to the way up high  
(I do my best to do right, I got, gotta do it that way to  
get to the way up high where I should read)  
I can't wait to meetchu  
Love the life you're givin' but I'm lookin' forward to the  
day I die  
Say, oh my lord, I can't wait to meetchu  
I'll never be enough to give what you give me  
But I could sing my heart out for you and tell everybody  
All that he asks of us is only to believe  
Disappear your low, low lows and your woe, woe woes  
Just like that, it's a natural fact  
I can't wait 'til he gets back  
And I, I do my best to do right, got to get to the way up  
high (Show me, oh my lord)  
I can't wait to meetchu  
Love the life you've given but I'm looking forward to the  
day I die (I could be)

I can't wait to meetchu  
I do my best to do right, got to get to the way up high (I  
think I want your love my lord, it's like a fortune)  
(Oh baby, oh baby, oh baby) Oh my lord I can't wait to  
meetchu  
Love the life you're givin' but I'm lookin' forward to the  
day I die  
I can't wait to meetchu (Shut up)
