All I ever wanted was some love and peace and  
harmony  
I could dance in the raw in the sun underneath the stars  
When I walk over to my money tree  
Ain't nobody there tryin' to take from me  
When they ask, "Are you truly free?" I'd say, "Yes,  
truly"

But down here in reality  
Everybody knows there ain't no such thing  
And it's clear, it's obviously  
This is not the place I'm supposed to be

On and on and on I've searched  
What I'm lookin' for is not here on earth  
I can't stand, I can't take no more  
So I know that I gotta go

So long everybody, Mama don't be sad for me  
Life was a heartache and now I am finally free  
Don't know where I'm headed, hope I see you someday  
soon  
So long everybody, I have gone beyond the moon

All I ever wanted, love and the peace and the harmony  
Just to be, to live and shine, when I get ready I up and  
fly  
And I can't remember none of the things that I want to  
forget  
It's the best satisfaction no less, ask if I'm free and I'll  
say, "Oh yes"

But down here in reality  
Everybody knows there ain't no such thing  
And it's clear, it's obviously  
This is not the place I'm supposed to be

On and on and on I've searched  
What I'm lookin' for is not here on earth  
I can't stand, I can't take no more  
So I know that I gotta go

So long everybody, Mama don't be sad for me  
Life was a heartache and now I am finally free  
Don't know where I'm headed, hope I see you someday  
soon  
So long everybody, I have gone beyond the moon

Before I do, just one more look at you  
It's worth the stay, but I'll meet you later at that better  
place

All I ever wanted was, all I ever wanted was  
All I ever wanted, all I ever wanted was

So long everybody, Mama don't be sad for me  
Life was a heartache and now I am finally free  
Don't know where I'm headed, hope I see you someday  
soon  
So long everybody, I have gone beyond the moon

So long everybody, Mama don't be sad for me  
Life was a heartache and now I am finally free  
Don't know where I'm headed, hope I see you someday  
soon  
So long everybody, I have gone beyond the moon

So long everybody, Mama don't be sad for me
