Wrote me in a letter that she makes you feel better
And all of the things you said to her
But I feel what I feel, it's real

She ain't right for you
She don't know you like I do
No matter what she do
She ain't right for you

Don't you want to be happy?
Baby you should stay with me
'Cause she ain't right for you
She don't love you like I do

Turn me around, turn me upside down
Sporting the tears of a clown
But I feel, what I feel, it's real

She ain't right for you
She don't know you like I do
No matter what she do
She ain't right for you

Don't you want to be happy?
Baby you should stay with me
'Cause she ain't right for you
She don't love you like I do

They will say that I spend all my days
Chasing a love that she took away
But I feel, what I feel

You know baby I've been trying to tell you
For a mighty long now
Time now that you can keep looking
You can keep searching
All over the world babe

Trying to find a love like mine
But the real thing is right here baby
And no matter what she say
No matter what she do

She don't love you like I do

She ain't right for you
She don't know you like I do
No matter what she do
She ain't right for you, baby

Don't you want to be happy?
Baby you should stay with me
'Cause she ain't right for you
She don't love you like I do

They will say that I spend all my days
Chasing a love that she took away
But I feel, what I feel
