All I ever wanted was some love and peace and  
harmony  
I could dance in the raw, in the sun underneath the  
stars  
When I walk over to my money tree, ain't nobody there  
trying to take from me  
When they ask "Are you truly free?" I'd say "Yes, truly"  
But down here in reality everybody knows there ain't no  
such thing  
And it's clear  
It's obviously this is not the place I'm supposed to be  
On and on and on I've searched  
What I'm lookin' for is not here on Earth  
I can't stand, I can't take no more so I know that I gotta  
go  
So long everybody  
Mama don't be sad for me  
Life was a heartache and now I am finally free  
Don't know where I'm headed  
Hope I see you some day soon  
So long everybody, I have gone beyond the moon

All I ever wanted, love and the peace and the harmony  
Just to be to live and shine  
When I get ready I up and fly  
And I can't remember, none of the things that I want to  
forget  
It's the best, satisfaction no less  
Ask me if I'm free and I'll say "Oh yes"  
But down here in reality everybody knows there ain't no  
such thing  
And it's clear  
It's obviously this is not the place I'm supposed to be  
On and on and on I've searched  
What I'm lookin' for is not here on Earth  
I can't stand, I can't take no more  
So I know that I've gotta go  
So long everybody  
Mama don't be sad for me  
Life was a heartache and now I am finally free  
Don't know where I'm headed  
Hope I see you some day soon

So long everybody, I have gone beyond the moon

Before I do, just one more look at you  
It's worth the stay but I'll meet you later at that better  
place

All I ever wanted was (Love and the peace and the  
harmony), all I ever wanted was, all I ever wanted, all I  
ever wanted

So long everybody

Mama don't be sad for me

Life was a heartache and now I am finally free

Don't know where I'm headed

Hope I see you some day soon

So long everybody, I have gone beyond the moon (I'm  
gonna see you someday)

So long everybody (I'm goin', I'm goin', I'm gonna start  
a new, a new)

Mama don't be sad for me

Life was a heartache and now I am finally free

Don't know where I'm headed

Hope I see you some day soon

So long everybody, I have gone beyond the moon

So long everybody

Mama don't be sad for me
