Ooh, yeah, a girl, a boy and a girl
Never thought I'd have babies
Looking up to me
Wanna give them all the world

Yeah, trying to make it, always gone
You say, mommy don't go, ooh, ooh
And I don't wanna leave, ooh, ooh
(I don't wanna leave)

It's what I gotta do
There's no place that I'd rather be than there with you
It's what I gotta do to take care of you
Make it right, ooh
(Make it right, make it right)

And I never make it
But I have to hope you understand the circumstances
I'll be there the second that I get the chance
What I gotta do?

Yeah, only you can rely
Wanna give you the best of everything
So I miss some things
But you're always on my mind
(Always on my mind)

Yeah, I'm gonna show you the world
But it ain't easy, ooh, ooh
But I don't wanna leave you
(I don't wanna leave)

It's what I gotta do
There's no place that I'd rather be than there with you
It's what I gotta do to take care of you, oh, yeah
Make it right, ooh
(Make it right, make it right)

And I never make it
But I have to hope you understand the circumstances
I'll be there the second that I get the chance
(I'll be there)

What I gotta do?
(Got to do)

The stars are in your eyes, the sun is in your flower
Peace to my churches, tou show me what my purpose is
A girl, a boy and a girl, sweetest in my world
(Sweetest in my world)
Hey, hey, hey, hey, hey, ah

It's what I gotta
It's what I gotta
It's what I gotta take, ohh

It's what I gotta do
There's no place that I'd rather be than there with you
It's what I gotta do to take care of you
(A girl, a boy and a girl)

Make it right, ohh
(Make it right, make it right)
And I never make it
But I have to hope you understand the circumstances
I'll be there the second that I get the chance

What I gotta do? Ooh
What I gotta do? Ooh
What I gotta do? Ooh
What I gotta do?
