"Lies"

Eyes wide mouth dry I'm so high
Never think I'm gonna die
I'm just flying like a kite
Up all day and up all night, all night

Next day I'm so full of surprise
Last night told so many lies
It's just reality in disguise
I've fallen for those awful lies, those lies

See me now I wanna cry
Reality can't keep me high
I just can't handle a normal life
I wanna die give me a knife, a knife

Tell me what it's all about
It's all about getting out
I'm in a cage inside my brain
Give me the key, I wanna speed again
