Now they sailed across the sea  
'Cause those bastards  
Wanted me  
And my new world full  
Of gold  
They were cold  
Lies - they only brought lies  
Somehow I just knew ahead  
That my people would be dead  
In the name of god, they'd die  
But the name of lies  
We only heard lies  
I had a plan  
Temple of shelter  
Save what you can  
And we took a lot of falls  
Put in the chains like animals  
But we spread the new like five  
We're gonna fight  
Yes we will fight  
Hide the gold we gonna hide  
Now I was always  
A man with a plan  
No one knows just where it is  
Better lost that with Cortez  
'Cause I hide it deep and well  
Those who find it  
Will burn in hell  
Lies - they'll die for their lies
