Not one day passes  
Those children  
Aren't dying in the streets  
They are all victims  
Of all the hate in the world  
In this nasty world  
Yeah, in this nasty world  
They're dying of hunger  
Killed by war  
Natural disasters  
That and more  
Killed by diseases  
Lost by the world  
Those to blame just don't care  
They never understand things  
They hold in hand  
And they just don't mind  
'Cause they all are  
Spending their money  
For weapons  
They fight pushing their way  
They show their might  
Historical quarrels  
On those god is best  
Change, people to animals -  
Overnight  
They never understands things  
They hold in hand  
And they just don't mind  
'Cause they all deaf  
And very blind  
But they will always find a reason  
They seem to make  
The same mistakes  
Making by promises  
They never bring  
Robbing the poor to live like kings  
Political systems  
A spit in the face  
A total destruction  
Of the human race  
They never understand things

They hold in hand  
And they just don't mind  
'Cause they all deaf  
And very blind  
But they will always find a reason  
How will the children learn?  
If we show'em the wrong way  
Hope for the future  
Is lying in our hands  
But we must see that all the evil  
Will never disappear  
From this world  
If we don't fight it  
We'll all be losers  
When will man learn?  
But they will always find a reason
