I gave my life for you  
To save your own resources  
You killed your former tribes  
That kept you on the way  
It's been a toy of talk  
Of people far besides me  
I just can't believe  
You're exterminating me

WHEN THE WORLD CRIES  
Now you 've get to die  
In a world of mistakes  
WHEN THE WORLD CRIES  
Now you've got to die  
'Cause your lifetime is wasted

Somehow you've never learned  
To make the right decisions  
I will be turning 'round  
When you're no longer here  
Don't pray for me  
Draw consequences on a future  
You're to live within  
Of else you'll disappear  
WHEN THE WORLD CRIES

I guess you'll never feel  
The pain you've brought inside me  
All nature, human beings  
Will fade away you'll see  
Fear the end of me

WHEN THE WORLD CRIES

Nobody can tell when's the end, do we still have time  
When lifetime is over there will be no warning sign  
And the night when all people cry and the fire's in the  
sky  
Is the end of all time and you're called by thy name  
When will they know  
When will they know  
When will they know

When will they know

Yeah really know

Sunlight touches my skin

Can you tell me how it ends
