When you leave  
Shut the door  
Don't wanna to talk about it... anymore  
When you're gone  
Don't forget to leave the light on  
When you go  
Please say goodbye to me  
Will i go alone  
Or will you stand by me  
And follow your convictions  
You won't try when you know how  
5 years to this day  
And still you walked away  
And left me here cold blinded  
I hear you but i can't make out the words

When you leave  
Shut the door  
Don't wanna want to talk about it... anymore  
When you're gone  
Don't forget to leave the light on  
When you go please say goodbye to me

How can you see it through  
Or will you turn your head on  
Everything stood for  
The dreams that we once shared  
And now we turn the page  
Another day goes by  
We move in new directions  
I hear you but i can't make out the words yeah

When you leave  
Shut the door  
Don't want to talk about it... anymore  
When you're gone  
Don't forget to leave the light on  
When you go  
Please say goodbye to me
