I can feel you pull away
And it's just as I lean in
And the timing leaves me wide open
With a miss I am betrayed
Slices right through my thick skin
Yet I seek another high

Im asking you to stay in my arms
Away youre breaking me apart
Stay in my arms
Away youre breaking me apart

And I'm out here on a limb
But I'm holding out my hand
Hoping you can make the climb with me
And I'm carving in the bark
And dropping down to where you stand
Trying silence on for size

Im asking you to stay in my arms
Away youre breaking me apart
Stay in my arms
Away youre breaking me apart

And I miss you in my fingers

And valleys in between
It's odd how feelings linger
For something yet unseen
Theres ages between
My heart and my mouth
My veins throb with that
Which I cant spit out
Now I dont need much
Just presence in mind
And the assurance
You're ache mathces mine

So stay
Please dont pull away from me

Stay in my arms

Away youre breaking me apart
Stay in my arms
Away youre breaking me apart
