The night was dark  
The seas were rough  
The port lay straight ahead  
The booze ran out  
The men grew tired  
And this is what they said:  
"captain if you cannot find a place to set her down  
Then you'll be sleeping right along with this vessel in  
the ground"

Well the jolly roger pulled through  
And made it to the land  
We disembarked  
Went into town with vengeance in our hand  
The children cried  
The woman sighed  
The men just turn their heads  
So with a smile we chated loud and this is what we said

"ooohhooh  
Raise'em in the air  
We'll knock you up  
And slap you down  
And never seem to care  
Oohhoohh  
Another one for me  
Cause we're the filthy vermin  
That will set you people free"

With nothing left for us to drink  
The night was winding down  
But still the girls kept swaggering  
And still hanging around  
Oh! mister can you tell me where i can find a man  
The only thing that you will find is the back side of my  
hand!

"ooohhooh  
Raise'em in the air  
We'll knock you up  
And slap you down

And never seem to care  
Oohhooohh  
Another one for me  
We're the filthy vermin  
That will set you people free  
We're the filthy vermin  
That will set you people free  
Oohhooohh  
Raise'em in the air  
We'll knock you up  
And slap you down  
And never seem to care  
Oohhooohh  
Another one for me  
We're the filthy vermin  
That will set you people free  
We're the filthy vermin  
That will set you people free "
