what do you think of me  
do you really want to see a piece of me that I hide  
something that's hard to find  
what's behind your smile  
is it really worth my while  
what's beneath your ton-bed skin open up and let me in

do you really want to feel something that is so unreal  
do you really want to be the one and only one for me  
when we go to sleep tonight  
i'll have different goals in sight  
tell you what you want to hear  
have another drink my dear  
i'm not going to try to hurt you  
i'll be honest kind and true  
i'll take you out and treat you right  
like a decent man would do

now i got you in my grasp do not fear my checkered  
past

have you now begun to see this diabolic side of me  
in your mind I'm always there I guess  
you thought I really cared now it's time to say goodbye  
you bit the hook  
believed the lie  
i'm not going to try to hurt you I'll be honest kind and  
true  
i'll take you out and treat you right like a decent man  
would do

gonna modify my behavior to make you think I'm your  
savior  
now that I'm inside your head  
i'm gonna use you  
probably abuse you  
should have listened to what your mom said  
i'm not going to try to hurt you  
i'll be honest kind and true  
i'll take you out and treat you right  
like a decent man would do

yeah right!
