"Downtown"

If you and I could meet tonight
For winds blow high and low alright
Maybe shaky storm and fight downtown

And you thought the scene was dead
Tobacco hollow head
Remember shades you laid
I WANNA WANT TO GIVE GIVE NOW

Well can you make yourself to crawl
Into the centre of this hall
Where the small talk can be foolish talk
Downtown

And you thought the scene was dead
Tobacco hollow head
Remember shades you laid
I WANNA WANT TO GIVE GIVE NOW
