Just another one of these blase days  
characterized by my  
cynical attitude  
and over all malaise  
wanna commit something  
somethin', less permanent than suicide  
so i, stick to the side streets  
to avoid socializing  
with people that won't get it  
if i tell'em what i really think  
hoping ta run into someone who understands  
emotions have a tendency to sink  
now i need a friend  
got that feelin' again  
like i let my true aim bend.  
tryin'a avoid another rendition  
of poor little miss understood

nuthin' is as bad as it seems man  
we're followin' our dreams man  
city's full of people  
wish they had our means man  
we commune with the universe on a daily basis  
writein' verse that takes us places.  
the one thing, keeps us  
just this side o' mental cases

now i need a friend  
got that feelin' again  
like i let my true aim bend.  
tryin'a avoid another rendition  
of poor little miss understood  
so i'm rockin these beats an rickety rhymes  
half the time i'm flyin'  
the other 3rd tryin  
what i gonna do is  
turn these bad trips out  
like this

back when i was merely a toddler  
bangin on the pots and pans  
than when i became a teenager

we started with the basement jams  
daddy said i needed a job  
mama said i need ta make plans  
yes make plans to rock jump freak hop shake  
our stuff and dance dance dance dance

rockin these beats an rickety rhymes  
half the time i'm flyin'  
the other 3rd tryin  
what i gonna do is  
turn these bad trips out  
like this

here we are again in a theatre bar 'r dive  
expounding about the pain in our lives  
eking out a living to be subsidized  
hiding what we'd rather see legalized  
days of our lives swing from torture to rapture  
moments we capture, we don't create  
old students guide us to the garden gate  
up to me to go through though, and it  
really has gotten late

now i need a friend  
got that feelin' again  
like i've let my true aim bend.  
tryin'a avoid another rendition  
of poor little miss understood
