Endless days of summers past  
dragged along when we were small  
now they seem to go so fast  
were they ever ours at all?

going out into the city on adventures  
when successes were insured enough to bet  
back when family was just some people you was stuck  
with  
as opposed to takin' all you can get  
so hard to find somebody you can trust  
a little honesty is a dangerous thing  
so we run for the safety of independence  
adulthood promises to bring

sleep, my darling, let your dreams be sweet.  
Morning will come soon enough  
Drag us back onto our weary feet.  
Only our love can pull us through.  
some would say that we are blessed  
to be young beautiful and stressed

Childhood dreams we still pursue  
People try to make us doubt.  
In our hearts we think fuck you  
Smile and say don't stress me out.  
some would say that we are blessed  
to be young beautiful and stressed.

come thru on tour you ask nu,how was vacation?  
yea. one big fun vacation.  
only vacatein' your' vicinity, holmes  
have anotha cup o' coffee and cinn-a-bonez  
when i say don't stress me out it means don't  
sit behind your jealous gaze  
and pry into the vacant haze of  
what you think is behind this heart

NAKEDNESS NAKEDNESS COMPLETE N TOTAL  
NAKEDNESS

sleep, my darling, let your dreams be sweet.

Morning will come soon enough  
Drag us back onto our weary feet.  
Only our love can pull us through.  
some would say that we are blessed  
to be young beautiful and stressed
