"Cheap Chick Baby"

I was looking in your eyes
I was believing all your lies
'Cause your words were mighty sweet
But now you found another guy
Whose income is too high
And whose purse is mighty thick
And I won't give a half a cent
To make your back come back again
'Cause you're a cheap chick baby
He will buy you chains and rings
He will buy you everything
That is sparkling and that is gold
He will buy you any dress
He will pay for all you ask
But I guess that stuff is not all
I could go and take a crack
And make a long long buck
But that's the thing I hate to do
'Cause I am wild and I am free
And baby if you're not with me
Then that's your trouble
Get alone with you!...
