Come with me, I'll show you the place
Deep in Chernobyl woods in night's embrace
Take off your problems like dirty clothes
And listen to the music that moon echoes
Don't you just stand there
What are you waiting for
So young, so wild
You gotta dig the style
Take what we're giving
What are you living for
Relax a bit
You gotta dance to chernobilly beat
It's a kind of voodoo, very special dance
After half an hour you'll be in the trance
Rocking with mutants around the fire
You need no drug to get really high
Radioactive creatures are stomping around
Radioactive rock on the radioactive ground
Now you are one of us we've cast the spell
And next time you'll come with somebody else
