

Mad Heads "Corrida"

You drive me crazy baby
I like so much your game girl
I'm the one who takes it
Take you as you are
Let's begin our corrido
And I'll kill you with my sting
I am brave like matador
And mad like a bull on the ring
I am under and I am on
I am down and I'm up
There's no rest for a single minute
Not a little stop
We are victims and we are killers
We are hunters and we are game
We are saints and we are sinners
We are both insane
Make it in the morning
Make it in daylight
Make it all through the nighttime
Make it till we die
