The following story is the story of a kind
When the love is big mistake
But the feelings are too wild
Gonna tell you as it was, gonna be sincere
It was not with me but I feel it like my own
Try to imagine what it means to be alone
When the girl that you love, man, is near.
That guy tell me she loved him at first
But then he didn't know what had changed
And once he found she was not interested
In what he said and then he said to her
Girl, you're near
But I know you are not here
And your thoughts are flying somewhere
Faraway
Bring your loving back someday
I wait!...
Girl found it was funny enough
Guy asked why do you laugh
Every time that I say I love you
Why, oh, why every time that I feel blue.
I never see that guy again
So I don't know what was then
But I suppose it was getting worse
'Cause the stories of that kind
Are the whole time misery
And I hope it'll never happen to me
And to you, of course.
