

Mad Heads "Sleeping"

Visit "[Sleeping](#)" on MotoLyrics.com

I just sleep most of the time
Day by day my time's running by
All those things I've been planning to do
Wadoodoodadeedoodadoo
Body's up but still I'm down deep
I can't get away from my sleep
I am caught I cannot break through
Wadoodoodadeedoodadoo
I'm sleeping and it seems
There's no waking up
I'm drowning in my dreams
Please take me out
Am I sick or is it a curse
It's got bad it's gonna get worse
Magic circle with no chance to break
Wadoodoodadeedoodaday
What's all this I can only guess
Years have passed like a midnight express
It's too late now for getting away
Wadoodoodadeedoodaday
