Strolling down big city streets
In the broad day light
Dream to take a walk like this
With the girl I like
But girls are always passing by
Yeah, all them are passing by
And I cannot talk, I cannot joke
I cannot force a smile
'Cause I'm a timid guy...
Well, I'm no ugly, I'm no fool
But I believe I'm cursed
Don't know how to start with girls
And what to tell them first
If I could get the girl of mine
I would treat her right
I'd give all my love and tenderness
Every day and night
But I'm a timid guy...
And as the night is coming down
I leave my house again
Bursting with desire
Baby, you've got to understand
When I meet you in the dark street
And grab you in my arms
I only need somebody to love
So baby, don't cry loud, please, don't cry
I'm just a timid guy...
They say that I'm a maniac
They say that it's a crime
They say that I'm a monster
But I'm just a timid guy
