You better treat me wrong
You better be the one
That I hate, that I'm angry with
You better treat me mean
You better show your sting
Better hurt, better vex, better tease
But you never act this way
You don't give me a cause to go
But it's so hard to stay
Treat me bad and treat me cruel
Let me be a victim
Let me feel like a fool
Treat me bad and don't be nice
I beg you baby give me chance
To break these ties
It's been a long long time
Together are you and I
This is love... is it love... what is love?
What I felt and what I feel
Was it real and is it real
I don't know, I don't know, I don't know
I look inside my heart
And I cannot leave
But going on is also hard
