Hey you monster movie fans
Don't waste time you gotta chance
Buy a one way ticket to Ukraine
See the show of your dreams
Hear the perfect blend of screams
Watch the people dying night and day
A lot of crimes, a lot of crying in the show
You sure will find yourself
Standing struck with awe
It's thrilling, It's killing, It's brilliant
Monsters are go go go
Believe me this is real ball
It's Ukrainian horror show
Crowds of zombies on the street
Cannibals in lust for meat
Eating silly zombies one by one
There are vampires on the hill
They're longing for some blood from me
And there is really no place to run
Performance proved to be a cruelty
And I've been told this movie is reality
