Walking late at night
Looking all around
You don't know what's wrong
You just hear strange sounds
You just feel that darkness
Is a bit more black
You just know you go
Scarcely you'll be back
You still feel no fear
'Cause your soul is clear
But you have to pay parents' sin
Evil calls for you
You may hear it's howl and yell
Welcome you baby to hell.
One step through the glass
Three along the wall
Now you're falling down
Now you're near the door
You're the little girl
You are sweet-sweet child
Won't you open that door
See their evil smiles.
Right behind that door
Bright light strikes your eye
Is it witching flame
Is it hellish fire
They will take your body
They will rape your mind
They will torment you
So it's time to cry.
You still feel no fear
'Cause your soul is clear
But you have to pay parents' sin
Evil calls for you
You may hear it's howl and cry
Welcome you baby to life.
