You prayed for nothing  
When you prayed for change  
I only want this feeling to go away  
You prayed for nothing  
When you prayed for me  
Just to watch me sway the hate

Now I've called you out  
Because I've got to tell you something

It's so hard to show emotion  
When everything I've loved  
Has crumbled in my hands  
And now I'm running  
And I thought you were my friend  
But I've come to realize  
That I'll never mean anything to you

So we fell a little short of understanding  
Was the feeling worth the falling  
So we fell a little short  
Of finding that healing  
And my friend  
It kind of seems like your dead to me

I wish I could say  
That I never needed anyone  
I never needed you anyway  
But I'm calling you out  
Because I've got to tell something

It's so hard to show emotion  
When everything I've loved  
Has crumbled in my hands  
And now I'm running  
And I thought you were my friend  
But I've come to realize  
That I'll never mean anything to you

All that I've given  
All that I've done

All have lost the faith  
And it feels like a punishment

It's so hard to show emotion  
When everything I've loved  
Has crumbled in my hands  
And now I'm running  
And I thought you were my friend  
But I've come to realize  
That I'll never mean anything to you
